SUNNY PRAJAPATI

Faridabad ,HR | Mob: +91 8929777029 | Prajapati.sunny3009@outlook.com

OBJECTIVE

Aspiring Junior Product Manager (NPD) with strong analytical skills, aiming to support new product development through data-driven decisions, market insights, and quality improvement.

WORK EXPERIENCE

JUNIOR PRODUCT MANAGER-NPD **Gurugram, HR**

Jcbl Accessories **Dec2024-Till Today**

- Collaborated with cross-functional teams (R&D, design, supply chain, and marketing) to support new product development by analyzing market trends, customer feedback, and quality data—driving actionable insights that improved product features and reduced potential defects.
- Assisted in product lifecycle activities by defining product requirements, creating issue tickets, and supporting backlog prioritization based on feasibility analysis and early-stage testing insights—enhancing product readiness for launch.
- Coordinated with stakeholders to track NPD progress, prepare status reports, and present key insights to product leaders—supporting roadmap planning, go-to-market strategies, and timely product releases.
- Contributed to the creation and optimization of product documentation, SOPs, and development workflows—improving team efficiency, reducing development cycle time, and ensuring smoother product launches.

PROJECT COORDINATOR IN COLLEGE **Faridabad,HR**

Echelon Institute Of Technology **May2023-Oct2023**

- Coordinated with cross-functional student teams to define project requirements, allocate tasks, and track progress—ensuring timely execution and fostering a collaborative, product-focused environment.
- Mentored junior team members by providing guidance on project workflows, problem-solving, and execution—improving overall team productivity and delivery quality.
- Demonstrated leadership and organizational skills by managing multiple project timelines, facilitating team communication, and driving successful project outcomes aligned with development goals.

EDUCATION

B.TECH **Faridabad, HR**

JC BOSE UNIVRSITY OF SCIENCE OF TECHNOLOGY **DEC2020-JULY2024**

Major in Computer Science.
