PROFESSIONAL SUMMARY

Dynamic and result-driven hospitality and workspace operations professional with proven expertise in front office leadership, guest experience management, and revenue-driven operations. Currently serving as Operations Center Manager with strong focus on occupancy optimization, VAS (Value Added Services) sales, client retention, and AMR (Average Monthly Revenue) enhancement. Demonstrated ability to lead teams, streamline processes, and deliver exceptional customer satisfaction across premium hospitality and managed workspace environments.

PROFESSIONAL EXPERIENCE

INNOV8
THE COWORKING SPACE

Innov8 Workspaces India Limited – New Delhi **28 Feb 2025 – Present**
Operations Manager- Center
Key Result Areas (KRA – Key Result Areas)

- Driving center-level revenue growth through strategic seat sales, occupancy optimization, and monetization of Value Added Services (VAS) including Virtual Offices, Meeting Rooms, Event Spaces, and allied offerings.
- Ensuring achievement and enhancement of AMR (Average Monthly Revenue) targets across assigned centers through strategic pricing and operational efficiency.
- Managing end-to-end workspace operations including client onboarding, lifecycle management, retention, renewals, and community engagement.
- Leading sales coordination activities for walk-ins, enterprise clients, channel partners, and broker networks to maximize occupancy and conversion ratios.
- Overseeing inventory management including seats, cabins, meeting rooms, and shared resources to ensure optimum utilization and operational efficiency.
- Maintaining high customer satisfaction standards (NPS/CSAT) through proactive issue resolution, service excellence, and relationship management.
- Ensuring adherence to operational SOPs, compliance standards, service brand guidelines, and contractual obligations in coordination with Finance and Legal teams.
- Managing timely invoicing, collections, payment follow-ups, audit documentation, and operational reporting for assigned hubs.
- Planning and executing monthly engagement activities, learning programs, events, and workshops in collaboration with Community teams to strengthen member engagement and shared workspace culture.
- Identifying churn risks and expansion opportunities proactively while building strong long-term client relationships and repeat business opportunities.
- Driving team productivity, mentoring Community Managers, and supporting cross-functional collaboration to achieve organizational objectives.
- Managing center-level operational expenses, cost optimization initiatives, and working capital efficiencies while maintaining quality service standards.
- Executing seamless onboarding experiences, hub tours, and operational delivery aligned with organizational service excellence benchmarks.
- Supporting strategic business initiatives, operational transformation projects, and process enhancement activities across assigned hubs.

Key Performance Indicators (KPI)

- Occupancy Percentage & Seat Utilization Rate
