Objective

To get a challenging position as an Assistant Manager where I can use my skills in research, problem-solving, and teamwork to support the company's goals. I am eager to learn new things, work with honesty, and contribute to the success of the organization with a positive and result-focused approach.

Experience

- **Adhaan solution private limited** Jun 2022 - April 2025
  Junior associate
  I worked as a Junior Associate in Adhaan solution Pvt Ltd company where my role was to handle problems in a simple and practical manner. I understood team issues, conducted basic research. In addition, I handled document-related work, including drafting, reviewing, organizing, and maintaining records. I was responsible for scanning, digitizing, and managing documents to ensure proper record-keeping and easy accessibility.
  I also took initiative in team coordination and basic team-leading tasks, ensuring smooth workflow, timely completion of assignments, and maintaining quality standards. I efficiently managed computer operations, including data entry, file management, and use of software tools.
